PROFESSIONAL SUMMARY

- Results-Driven **Full Stack Developer** with **2+ years** of experience in the end-to-end design, development, and deployment of full-stack software applications. Proven ability to deliver robust, high-quality solutions in **Agile environments** under tight deadlines. Leverages strong technical, debugging, and interpersonal skills to drive project success from implementation through post-launch maintenance and enhancements.
- Developed and maintained multiple full-stack applications utilizing **Angular, .NET C#, MySQL, Elasticsearch, and MongoDB**, ensuring high performance and seamless integration across all layers.
- A proactive and skilled developer with strong problem-solving abilities, consistently delivering high-quality, performance-driven solutions under tight deadlines through effective communication and rapid mastery of new technologies.

WORK EXPERIENCE

- **Zeus Learning Pvt. Ltd., Mumbai**
  - Tenure : Since **January, 2023 to Present**
  - Designation : **Software Engineer**
  - Technologies worked on : **Angular, Material Angular, Typescript, C#, Redis, MessageQueue, ElasticSearch, MySQL, Java Script, HTML, SCSS, MongoDB, python, jQuery**
  - **Projects worked on**:
    - Content Management System (CMS) for e-Learning Platform
    - Learning Management System (LMS)
  - **Roles and responsibilities**:
    - Developing and maintaining the site.
    - Writing the common business and domain logic.
    - Being a part of the agile development team.
    - Involved in developing modules using Test Driven Development.
    - Resolved **100+ bugs and defects**, resulting in a **15% reduction** in post-release issues and improved application performance.
    - Implemented **Micro Frontend (MFE) architecture**, resulting in a **10% reduction** in site load time and improved application scalability.
    - Optimized Elasticsearch queries, resulting in a **20% improvement** in search **performance** and faster data retrieval times.

- **Chegg India**
  - Tenure : **October, 2020 - January, 2023**
  - Designation : **Chegg Expert (Part Time)**
  - Summary : Academic assistance and tutoring services to students worldwide
  - Delivered **33 tailored solutions to computer science students** across 15+ countries, achieving a **93% student satisfaction rate**

- **System Level Solutions, Anand**
  - Tenure : **April, 2022 - August, 2022**
  - Designation : **Machine Learning intern**
  - Technologies worked on : **Python, pandas, numpy**
  - Contributed to a team that built a predictive model for solar power generation
- **Quadio Labs**
  - Tenure : **January, 2022 - April, 2022**
  - Designation : **Debug Technician**
  - Technologies worked on : **C,C++**
  - Contributed to a team responsible for usability and functionality testing on keypad phones, providing critical, actionable feedback to development stakeholders.
